VENUE:
College of Agriculture, Vellayani

ABOUT US

Kerala Agricultural University is the primary and principal instrumentality of the Kerala state in providing human resources, skills and technology for the farming community. The College of Agriculture, Vellayani was established in May 1955 and continues as the centre of Undergraduate and Postgraduate education in agriculture. The institution's focus on holistic education, cutting-edge research, and sustainable agricultural practices has made it a pioneer in agricultural education and a hub of innovation in the state.
